Stan,

Sharon was looking for it so I'll forward this to her to see if this is what she needed. I apologize for the re-send.

Also, I'll find out about the press event.

I was in a meeting most of this morning and will let you know.

Mike, in your email from this morning, you had asked about the pre-dredge survey QC SOP. I had forwarded this to you earlier in the month. Were you looking for something different?
